

CSB280 tentative course schedule

Lectures: Thursdays 1500-1700h (RW142)

Tutorials: Tuesday 1100h-1200h (MY350); Wednesday 1600h-1700h (SS2111)

September 10 – Week 1 Lecture - Introduction (lecture notebook due Sept. 13)

September 15,16 – Week 1 Tutorial

September 17 – Week 2 Lecture – data structures (lecture notebook due Sept. 20)

September 22,23 – Week 2 Tutorial

September 24 – Week 3 Lecture – importing data (lecture notebook due Sept. 27)

September 29,30 – Week 3 Tutorial (**Quiz 1**)

October 1 – Week 4 Lecture – exploring data (lecture notebook due Oct. 4)

October 6,7 – Week 4 Tutorial

October 8 – Week 5 Lecture – data visualization (lecture notebook due Oct. 11)

October 13,14 – Week 5 Tutorial (**Quiz 2**)

October 15 – Week 6 Lecture – Dimensionality reduction (lecture notebook due Oct. 18)

October 20,21 – Week 6 Tutorial

October 22 – Week 7 Lecture – Models (lecture notebook due Oct. 25)

October 27,28 – Week 7 Tutorial

October 29 ** no class ** reading week

November 5 – Week 8 Lecture – high-dimensional models (lecture notebook due Nov. 8)

November 10,11 – Week 8 Tutorial (**Quiz 3**)

November 12 – Week 9 Lecture – Probability and correlation (lecture notebook due Nov. 15)

November 17,18 – Week 9 Tutorial

November 19 – Week 10 Lecture – probability in high-dimensions (lecture notebook due Nov. 22)

November 24,25 – Week 10 Tutorial

November 26 – Week 11 Lecture – classification (lecture notebook due Nov. 29)

December 1,2 – Week 11 Tutorial (**Quiz 4**)

December 3 – Week 12 Lecture – evaluating models (lecture notebook due Dec. 6)

* Lecture material/topics subject to change
